IMPORTANT UPDATES from 3 june 2025

Dear Partner,

We would like to inform you that, **since 3 June 2025 (for travel from 10 June 2025)**, updates have come into force that affect the **distribution of booking classes (RBD) and TAP fare packages (brands)**. There are also some new changes to the **hold baggage allowance**.

Here are the most important updates:

Booking Classes:

- The Executive brand is now available exclusively in J/Z classes
- Top Executive remains available in classes J/Z/D/C

Hold Baggage Allowance:

- On Discount one additional piece of hold baggage will be allowed on flights to/from LAD and MPM, resulting in a total allowance of 1 piece (1PC);
- On Basic one additional piece of hold baggage will be allowed on flights to/from LAD and MPM, resulting in a total allowance of two pieces (2PC);
- The brand Plus changes to a baggage allowance of 1 piece (1PC) on intercontinental flights, except on medium/long-haul flights to/from Africa.

To ensure a smooth transition, **a grace period has been implemented:**

For PNRs created on or before 2 June 2025 (inclusive), tickets may still be issued using the fare, YQ (carrier surcharge), and conditions — including baggage allowance — that were in effect as of 2 June 2025.

This grace period remains valid until 9 June 2025 (inclusive), or until the PNR's time limit, whichever comes first.
