NEW RBD STRUCTURE on flights from 31 March 2026

Dear Partner,

We would like to inform you that a new RBD structure is in effect for flights departing on or after 31 March 2026.

The implementation of this new structure is tied to the future introduction of the new cabin on long-haul flights, aligning commercial offerings with the new product configuration and ensuring greater consistency in fare management.

However, it should be noted that **the new cabin is not yet being marketed, so this component of the new structure is not yet in effect.**

Until the new cabin is effectively introduced, all information currently available on TAP Agents remains valid for flights until 30 March 2026.
