

### Who are we?

**Euroairlines (IATA Q4-291)** is a global air distribution company that connects airlines and travel agencies through all major GDSs, enabling the issuance of routes that are often not available through traditional channels.

We operate through interline and codeshare agreements, as well as selected charter flights under our Q4 plate, providing access to international inventory with full operational backing and continuous support.

-  Presence in more than 50 markets
-  Over 50 partner airlines
-  Available in all GDSs
-  Commercial and operational support

### What does your agency gain by working with Q4?

- ✓ Access to non-traditional airlines and routes
- ✓ Expanded offering for less explored destinations
- ✓ Improved margins through clear commercial conditions
- ✓ Support across issuance, changes, reissues, and group bookings
- ✓ Commercial guidance throughout the entire process
- ✓ Efficient help desk support for post-sales operations

### Tips for issuing with Euroairlines

- Tickets are issued under IATA plate Q4-291.
- Compatible with BSP and ARC (U.S.).
- Combined issuance of air and rail itineraries.
- Always review fare rules before issuing.

### Changes and Refund Policy

- All requests must be processed through the original booking channel.
- Penalties apply according to the fare purchased.
- Q4 does NOT accept ticket revalidation.

### Post-Sales Management – Support with:

- Voluntary and involuntary changes
- Cancellations
- Refunds
- Special requests

### Available Channels:

- Web form
- Call Center
- Direct escalation to Commercial / Operations

### Airline Network

We operate through interline and codeshare agreements across Latin America, Europe, Africa, the Middle East, and the Caribbean, including airlines such as:
